BUILDBLOCK BUILDING SYSTEMS JOINS THE COUNCIL OF ICF INDUSTRIES

Mississauga, ON., May 27, 2016 – The Council of ICF Industries (CICFI) is very pleased to welcome its newest Primary Member - BuildBlock Building Systems.

On May 1, 2016, BuildBlock joined the CICFI and became the fifth primary member of the CICFI, joining CICFI founding primary members Nadura Corporation, Logix Insulated Concrete Forms Ltd., Quad-Lock Building Systems Ltd. and Superform Products Ltd.

“We are delighted to welcome Mike Garrett and his BuildBlock team to the fold.” says Andy Lennox, Chair of the CICFI. “The mission of the CICFI is to promote and enhance the social, environmental and economic value of insulating concrete forms in the North American marketplace. Our industry has a great story to tell and the CICFI has had great success since our inception in representing and growing the ICF industry in an energetic and professional manner. Having BuildBlock on the team will only make our organization stronger and more effective as we move forward.”

Mike Garrett, CEO of BuildBlock Building Systems, has always believed in contributing to the greater good by becoming part of industry associations like CICFI. “We are proud to join the Council of ICF Industries and work with other manufacturers and suppliers in the market to collectively promote disaster resistant, energy-efficient and sustainable housing and buildings that will last for centuries,” says Garrett. “ICF construction is the future in not only residential, but also in multi-family and other mid-rise construction to meet the safety, environmental and longevity requirements of new buildings with reduced operating costs and maintenance.”

About BuildBlock

BuildBlock® Building Systems is the manufacturer of BuildBlock Insulating Concrete Forms (ICFs), the most environmentally-friendly, energy-efficient and disaster resistant method of residential and commercial construction. Headquartered in Oklahoma City, BuildBlock serves North America through 14 manufacturing facilities, including locations in Mexico and Canada as well as foreign licensing partners throughout the world.

About the CICFI: The Council of ICF Industries is the North American non-profit trade association for the Insulating Concrete Form industry and was founded in 2014 by a dedicated group of manufacturers with the shared interest of promoting and enhancing the social, environmental and economic value of insulating concrete forms in the North American marketplace.
